

## Instructions for the laundry room

**THE LAUNDRY BADGE YOU RECEIVED IS FOR BOOKING AND OPENS THE LAUNDRY ROOM.**

It is important that you remember to check for available washing passes. You do not have access to the laundry room before or after the time you have booked. The entrance on the other hand, will be open all the time for booking and cancelling laundry bookings.

To **book a washing pass**, you hold your badge against the booking board. On the booking board there is one red and one green button. **The green button** means **YES** and the **red** button means **NO**.

**When you want to book a washing pass press the green button**, all the washing passes will be shown vertical and all the dates will be shown horizontal. What is available will be shown with numbers and what is already booked will be shown with – . **You use the yellow buttons to navigate**. When you decided which day and time you want to wash you confirm with the green button. As a recipe the displays shows what room, date and time you have chosen.

**If you want to change or cancel** your laundry booking, press "visa/avboka", followed by green button. The board is asking whether you want to cancel this pass or not, YES is confirmed with green button.

**You have 8 laundry bookings/month. You can only have one booking at a time. If you lose or break your badge you will have to pay 200 SEK.**

Best regards,
